PBCDF is currently in a scheduled outage for changeover activities to prepare for mustard ton container disposal operations. This week's activities included processing of spent decontamination fluid and secondary waste. The second of two rocket shear machines, used during the previous GB and VX rocket campaigns, is in the process of being decontaminated and disassembled for disposal.

The crew of PBCA toxic material handlers who delivered the last VX landmines to PBCDF poses in front of the EONC that made the last delivery.
